Our people may be working for the enemy without even realizing it

Questions that arise when applying for a job

- Is the company I am going to work for connected to the aggressor country?
- Is it a reliable company?
- Is it worth getting involved?
- Will I have problems because I work or worked for this company?
- Etc.
- How can I quickly check an employer?

Our answer is JobOsint Bot

AI-based Telegram bot that checks employers using OSINT methods

- Find job postings of your employer on .ru and .by websites
- Analyze employer connections with the aggressor country using OSINT methods
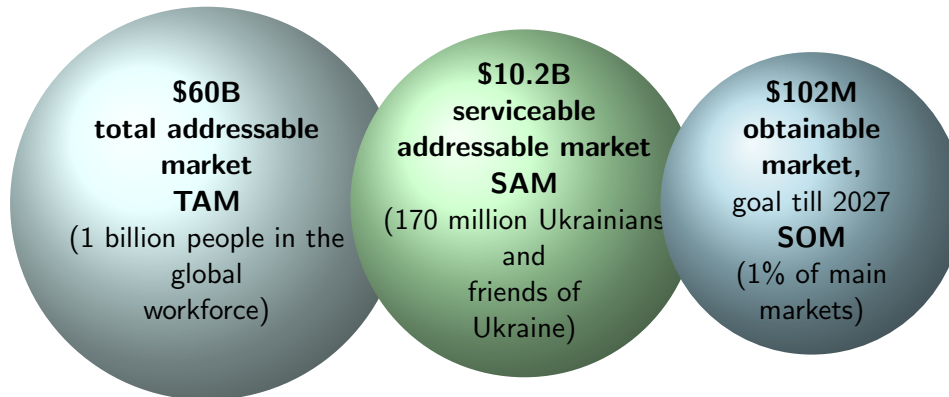

It takes just 3 simple steps to get started:

Enter company, enter job title. Get results.

- Enter company name
- Enter job title
- Get results
